IW2018 Scientific Coordinator

Prof. Francesco d'Errico

*Università di Pisa, Scuola di Ingegneria, and Istituto Nazionale di Fisica Nucleare, Pisa (Italy)
Yale Center for Emergency Preparedness and Disaster Response, New Haven CT USA*

Francesco d'Errico is a Professor of Nuclear and Biomedical Engineering and Medical Physics. He has led numerous projects on advanced methods for radiation detection, dosimetry and imaging, and image-guided radiological procedures supported by Italian, European and US agencies. Francesco d'Errico has served as Editor in Chief of the journal Radiation Measurements and is the Director of the Advanced Radiation Protection School "C. Polvani".

IW2018 Local Organizing Committee

LOC President

Dr. Andrea Malizia

LOC Directors

Dr. Alba Iannotti, Colomba Russo and Dr. Valentina Gabbarini

LOC Members

Dr. Daniele Di Giovanni, Dr. Mariachiara Carestia, Riccardo Quaranta, Dr. Orlando Cenciarelli, Dr. Jean-François Ciparisse, Riccardo Rossi, Gian Marco Ludovici, Ahmed Gamal and Dr. Michael Thornton

An opportunity to present your work

The workshop will include oral and poster sessions. All presentations will be collected and published as part of the **“*CBRNe book series*”** with an **ISBN code** and officially recognized by the Italian Ministry of Education, University and Research (classification code: E237557).

A scientific committee will select the 3 best papers and their authors will be invited to prepare a full paper for publication in a scientific journal indexed on **SCOPUS**.

The winning authors will be awarded **FREE PARTICIPATION** in the **SECOND INTERNATIONAL SCIENTIFIC CONFERENCE ON CBRNE (#SICC2019)**.
